

Customer Support SOP v4.1

Version 4.1 - Last Updated: January 2026 - Internal: Support Team Use Only

Overview

This Standard Operating Procedure defines how the Brewed Roots Co. support team handles customer interactions across all channels. All agents must follow this SOP consistently. Business hours: **Mon-Fri, 09:00-18:00 SGT.**

1. Greeting & Verification

Every inbound interaction must begin with a warm greeting and identity verification before any order or account information is disclosed.

- Greet the customer by first name if available.
- Request the customer's **order number** AND the **email address on file**. Both must match before sharing any account or order details.
- If verification fails after two attempts, politely ask the customer to contact us from their registered email address.

2. Order Inquiries

For all order-related questions, follow these steps after verification:

- Look up the order in the **Order Database** using the verified order number.
- Share the carrier tracking number and link if available.
- Do **not** promise or imply a specific delivery date. Refer to standard shipping SLAs in the Policies document.
- If the order shows an error or is stuck, escalate to the fulfilment queue in Zendesk.

3. Refunds & Returns

The standard return window is **30 days from the delivery date**, applicable to all products. Process refunds as follows:

Refund Amount	Approval	Process
Under \$100	Auto-approved	Agent processes directly in Billing system; confirm with customer via email.
\$100 or more	Support Lead required	Escalate via Zendesk escalation queue. SLA: 1 business day. Notify customer that review is in progress.

4. Subscription Management

- Customers may **pause, modify, or cancel** their subscription at any time.
- Cancellations take effect at the **end of the current billing cycle**. No partial refunds are issued for the current period.
- All changes must be logged in the CRM with a timestamp and agent ID.
- Confirm every change to the customer by email before closing the ticket.

5. Brewing Gear & Product Questions

- Answer from the **Knowledge Base / FAQ** first.
- If the answer is not covered in any internal document, do not guess. Inform the customer and follow up by email **within 2 business days**.
- Do not make product claims beyond what is documented.

6. Tone & Voice

- Keep all responses **warm, concise, and helpful**.
- Never use the word '**cheapest**' -- use 'best value' or 'most affordable' instead.
- Never state or imply a **guaranteed delivery date**.
- Every AI-assisted reply must include the disclosure: *"This response was assisted by an AI support agent."*

7. Escalation Paths

Situation	Escalate To	SLA
Refund >= \$100	Support Lead -- Zendesk escalation queue	1 business day
Legal, regulatory, or suspected fraud	Legal & Compliance legal@brewedrootsco.com	4 business hours
Account deletion request	Data Privacy privacy@brewedrootsco.com	Per data-privacy SLA
